How Watch Cases are Made.

Most persons have an ambition to carry a gold watch case, and yet few people know how a watch case is made, or the vast difference in the quality of them. In a SOLID GOLD WATCH CASE, aside from the necessary thickness for engraving and polishing, only to stiffen and hold the engraved portions in place, and supply strength. The surplus is not only needless, but undesiratle, because gold is a soft metal and cannot farnish the stiffness, strength and elasticity necessary to make the case permanently strong and close-fitting. The perfect watch case must combine gold with some metal that will supply that in which the gold is deficient. This has been accomplished by the James Boss' Gold Watch Cuse which saves the wastn of noodless gold, and increases the solidity and STRENGTH of the case, and at the same time reduces the cost ONE HALF.

Busuna zonns," etc., etc. The thousands of readers of Mr. William H. Thomes' former books, will be made glad by the announcement of a new work by this most popular author. In this new novel he has surpassed all of his former efforts. While it possesses an abundance of exciting inter st, in the hero's selventures with busheangers, and is his remarkable Inck in discovering nuggets of gold in a supposed warthless claim, the central interest of the story is involved in the adventures and scrapes which betall the hero, on account of his exact resemblance to a certain English nobleman, for whom he is continually and persistently taken. Interwoven with this persistently taken. Interwoven with this fiction are many charming descriptions, for which Colonel Thomes' travels admirably qualify him. The author attempts no lofty flights. But for straight forward writing, comprehensible and engaging, he has earned a reputation which cannot fail to be increased by "The Belle of Australia." He aims to interest his readers, and in the range of fiction to which the novel belongs, he has wrought well in plot in

Langell's Asthma and Catarrh Remedy. Having strungled 20 years between life and death with ASTHMA or PHTHISIC, treated by eminent physicians and receiving no benefit, I was compelled, during the last five years of my illness to sit on my chair day and night gasping for breath; my sufferings were beyond description. In compounding roots and herbs and inhaling the medicine thus obtained. I fortunately discovered this WONDERFUL CURE for ASTHMA and CATARRH, warranted to relieve the most stubborn case of ASTHMA IN FIVE MINUTES, as the patient can lie down to rest and sleep comfortably. Any person not fully satisfied after using one-third of a box, can return the remainder to the proprietor and the money will be refunded, or send me your address for a trial paskage FREE OF CHARGE. Mrs. W. T. Brown, Monroe, Texas, writes: "I auffered with Asthma 30 years." Vour Great Remedy completely suired me. Monroe Texas, what was a property completely cured a years.
